

MiScore App

MiClub's new digital golf scoring solution. Now available!

Features & Benefits

Pace of play indicator

Keeps track of your group's pace of play which is updated each time you enter your score. Helps you maintain and track your time. Provides live and past data to clubs including trends to assist with enhancements.

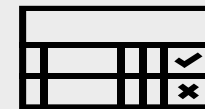

GPS distance to the pin

Exact distance to each pin. Also has a distance finder for any course features such as, bunkers or fairway bends. No need to carry a GPS. Quick and easy for selecting the right club.

Shots indicator

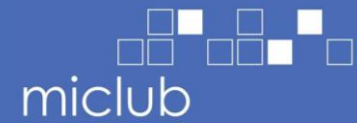

Displays the number of shots each player has, based on their handicap and hole index.

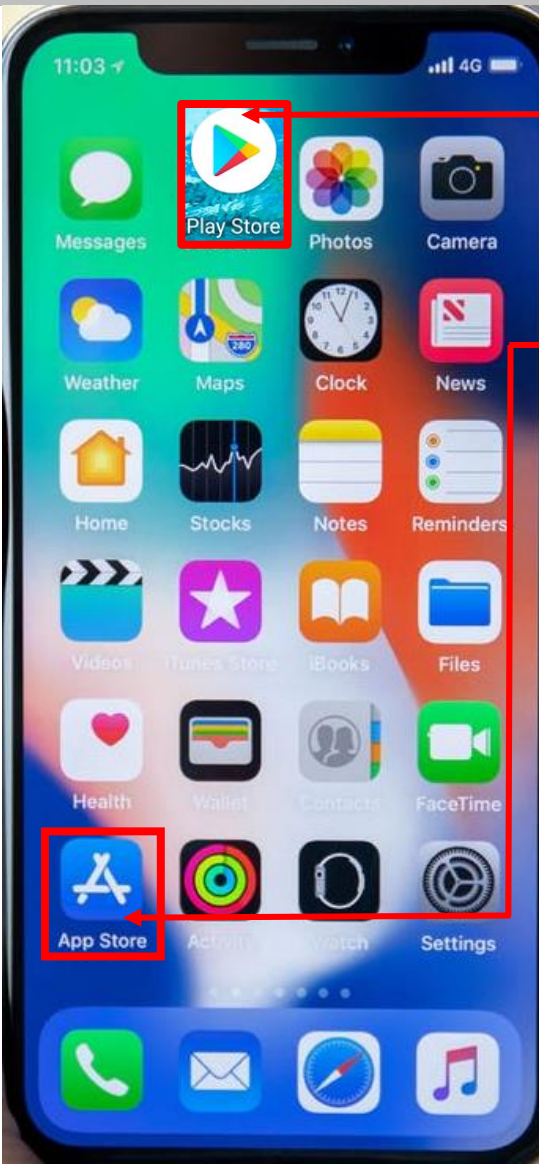

Round score & scorecard link

Provides the total score for the round.
Allows you to go to and edit any hole on your scorecard.

MiScore App

Process to add the miscore app to your mobile phone

Step 1

Android mobile:

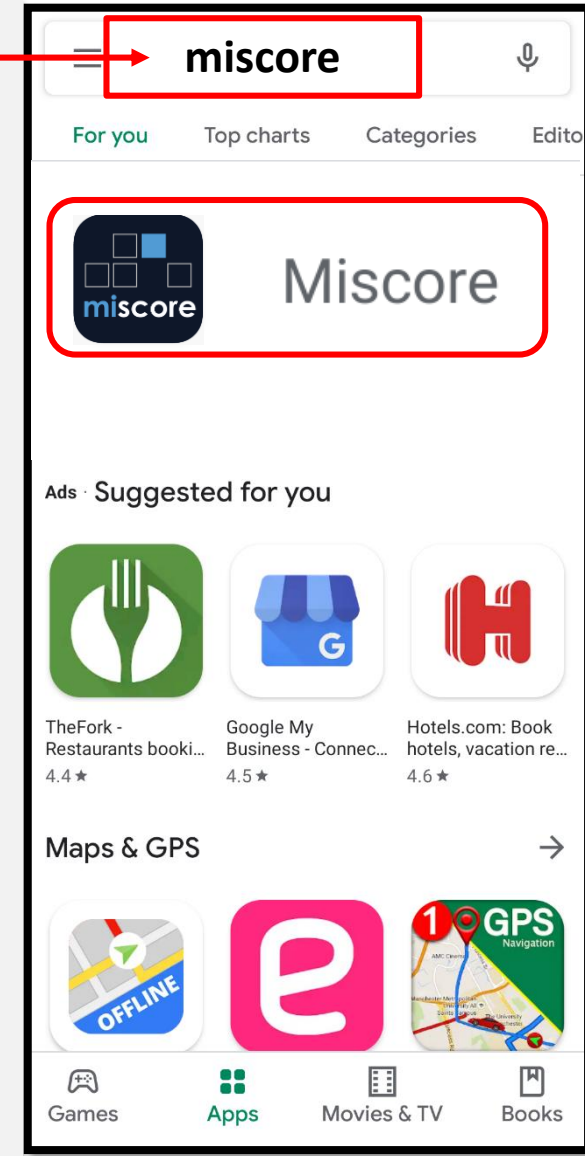

Click on the Play Store icon

Apple mobile:

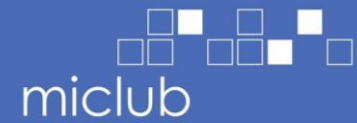

Click on the App Store app

Step 2

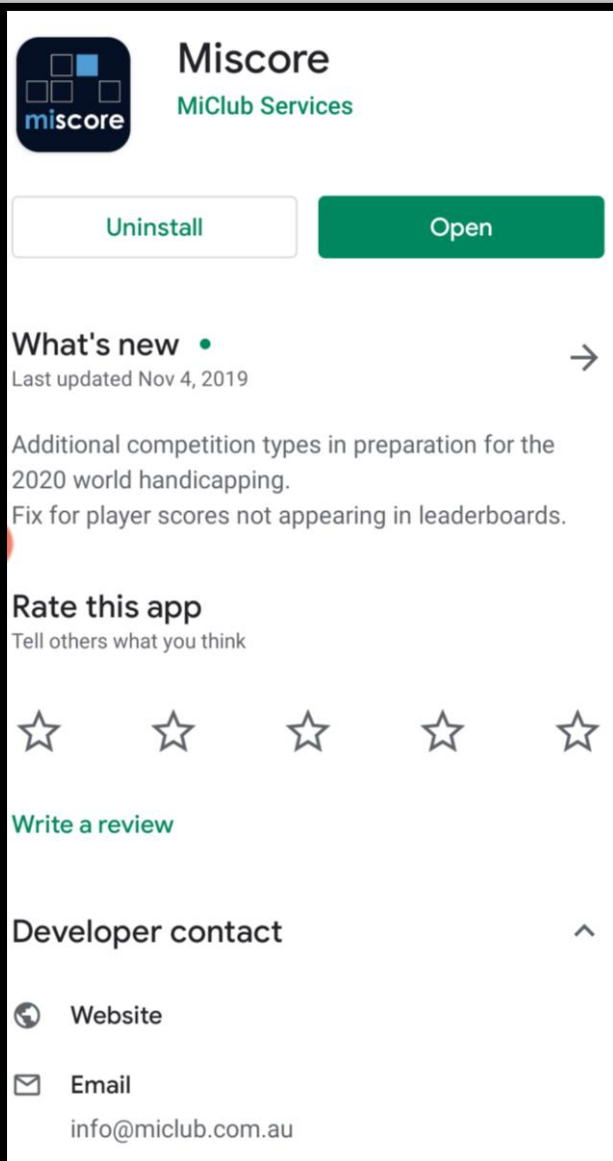

On the top of your screen, type: **miscore** and the Miscore app will appear below which you will need to select.

Step 5

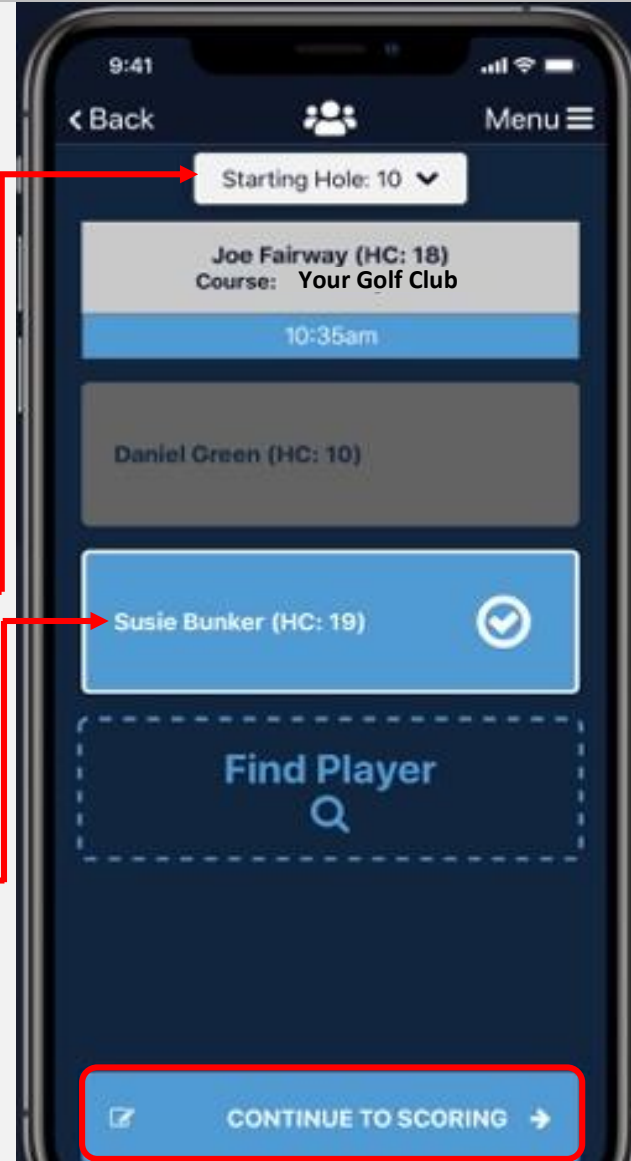

Type in the same username and password that you use to log into your club's website when making a booking, then select the Login button below.

Step 6

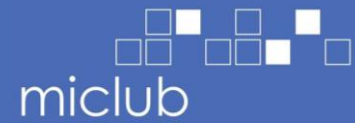

Confirm your starting hole at the top of the screen.

Step 7

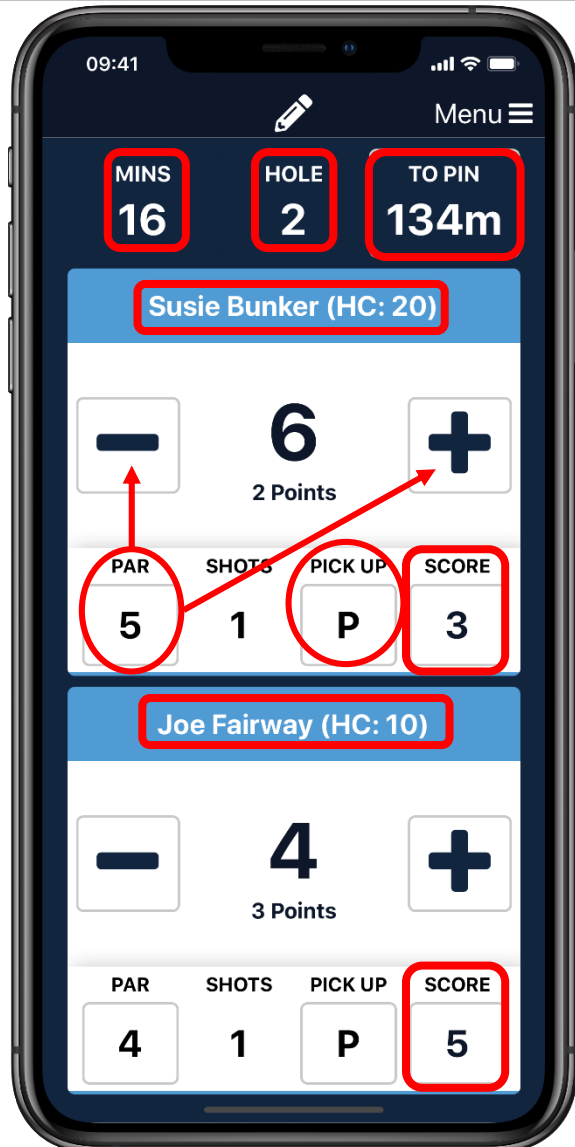

All players in your tee group are listed. Select your partner's name from the list. Select the Continue to Scoring button below.

MiScore App

Process to add the miscore app to your mobile phone

Screen Features

- The total time you have taken
- The hole number you are on
- The GPS distance to the pin
- The players handicaps
- The players scores

Step 8

Enter each player's score for the hole, by either:

- Pressing PAR
- Pressing PAR, $+$ for a higher score or $-$ for a lower score
- Pressing P for a pick up

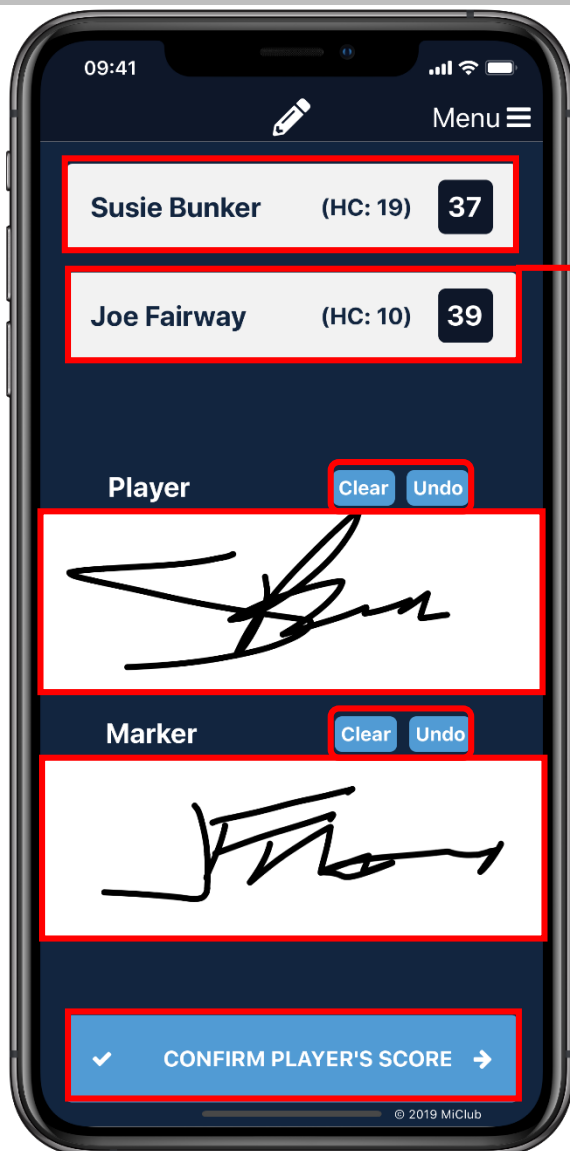

Step 9

When you complete the scoring, put your finger on the screen and swipe left to go to the next hole.

Just swipe right if you want to go back and adjust any previous scores.

Step 10

Check the final scores to confirm they are correct. You can tap on the player's name to review their entire scorecard. If correct, select Submit button below and it will take you back to the signing screen.

Once all scores are entered correctly, ask your partner to sign by using their finger on the mobile.

Note: Tap clear or undo to erase the signature and start again

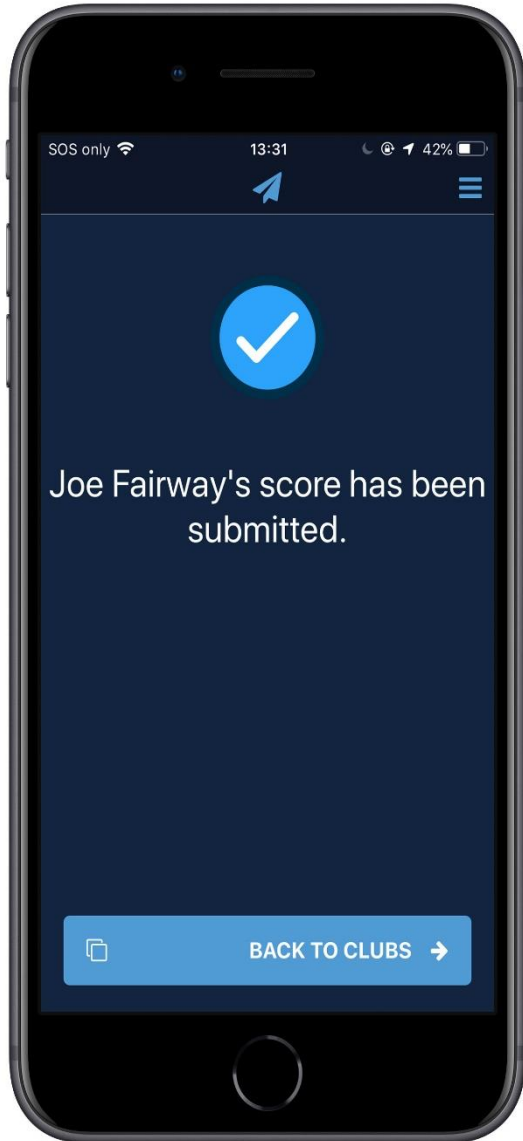

Finally, add your signature and then select the Confirm Player's Score button below. **Remember:** Each player must submit the scores for each other.
